Corey is a 9 year old boy, with moderate to severe behavioral and emotional needs, who needs a loving family with lots of support. Corey is very active, loves swimming, going to the YMCA to play basketball and other games, enjoys watching movies, and enjoys cars.

Corey is very fun to play with. Repetition and routine are very important to Corey. He also likes to know what is going on. He would do best in a 2 parent home. Corey would also do best being the youngest child in the family.

His brother has been adopted by another family and Corey would like to remain in contact with his brother and family.

Corey would say some of his current favorite things include stopping to grab hot cocoa, going to the library, and watching TV or movies at home. He also enjoyed when he had a pet dog and hopes his new family will have a dog!

Corey needs a family who will not give up on him and will regularly encourage him and keep him involved in activities. Corey also needs a family who will stay active with him and be consistent in their approach with him.
