

# SUMMER (16), RAYMOND (15) AND SHAWN (13)

WE LOVE THE  
OUTDOORS!

Summer, Raymond and Shawn are a connected sibling group that are very in tune with one another. They are quite imaginative and are able to create their own play. They are funny, kind, empathetic and emotive- they are able to accept others emotions and in turn are able to express what they want and need. These kiddos truly want to belong and be accepted.

Summer is a likable young lady who enjoys hanging out watching movies, being outside, reading and listening to music. Summer prefers not to have chores but will do them as long as it is a “team” effort with everyone pitching in☺

Raymond is quite the talker and loves engaging in conversations with adults, once he gets to know you. He loves to be outside tinkering with things in the garage. Raymond takes his role as “big brother” quite seriously.

Shawn loves to ask questions about things he doesn't quite understand. He also loves tinkering in the garage and enjoys playing baseball. He is a worry wart and wants to make sure everyone is ok.

Summer, Raymond and Shawn would do best with an active 2 parent family who have lots of room for outdoors activities and maybe even an animal or two. Their family will understand how trauma impacts children lifelong and be willing and able to advocate for supports and services that will continue the tremendous progress that they have made!
